

FIXED FEE MENU

Pensions on Divorce

This fixed fee (adviser charge) menu is supplemental to our “Keyfacts about our services and costs”.

1. Our typical charges for our initial work are (in relation to the pension money under consideration):

4% of the first £100,000; plus

2% of the amount between £100,000 and £250,000; plus

1% of the amount above £250,000.

There is a minimum charge of £2,500, as the work is particularly complex and time consuming.

Example 1 - if you require advice about only £40,000, our fee would be £2,500.

Example 2 - if you require advice about £200,000, our fee would be £6,000.

Much of the work is complex and time consuming.

2. We review your pension plans on an annual basis (unless you instruct us at outset that you do not require this service).

There will be an additional charge of 0.75% p.a. of the value of the investments under review, entitling you to an updated valuation and commentary. Subject to a minimum charge of £1,000, this review would normally include a meeting with you, during normal office hours, at a mutually convenient location.

Example 1 - if your investments are worth £50,000, our fee would be £375.

Example 2 - if your investments are worth £200,000, our fee would be £1,500.

We are happy for our fees to be paid directly by you. If products are used, however, you can instruct the product providers to pay our fees, which may be more tax efficient. You need to be clear that this will increase your product charges.
